

# Earth Forces

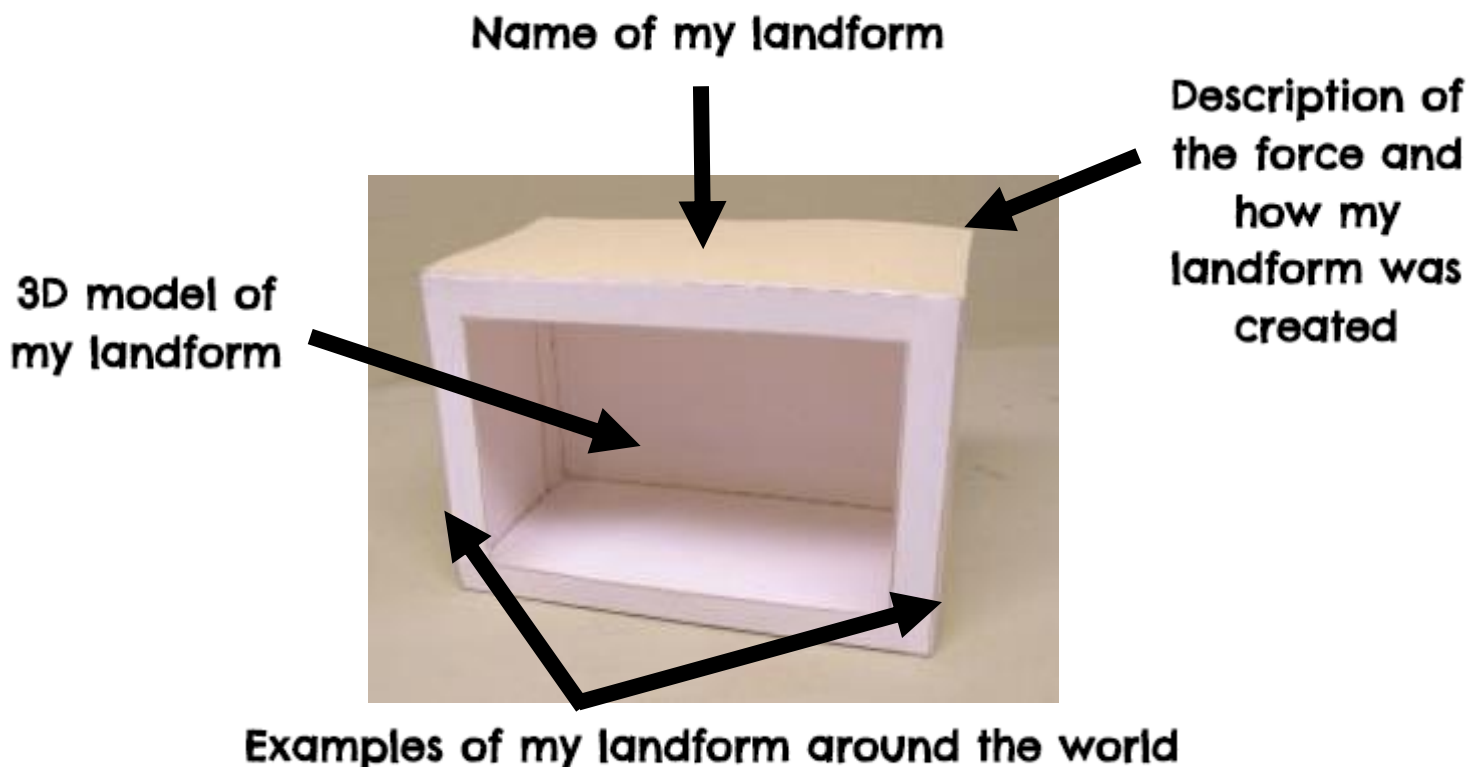

## *A Diorama Project*

We will be discussing Constructive and Deconstructive forces this quarter. You will be required to choose a landform and create a shoebox diorama of it, being sure to include the defining characteristics of that landform.

On the back of your shoebox, you must determine what kind of force created your landform and describe that force. You should also describe how your landform was created.

On the sides of your shoebox, you should include labeled pictures of examples of your landform from around the world.

On the top of your shoebox, you should write the type of landform in big, bold letters.

# Diorama Rubric

	<b>1</b>	<b>2</b>	<b>3</b>	<b>4</b>
<b>Name of Landform</b>	I have not included the name of my landform	I have the name of my landform but it is not on top of my diorama	I have put the name of my landform on top of my diorama	I have put the name of my landform on top of my diorama in a creative way.
<b>3D model of Landform</b>	My model is not 3D	I have a very basic 3D model	I have a detailed 3D model with descriptions.	I have a detailed 3D model with descriptions presented in a creative way.
<b>Force Description</b>	I have not identified my force	I have identified my force but it is not well explained	I have identified my force and explained it using details	I have identified my force and explained it thoroughly.
<b>Examples of Landform</b>	I do not have any examples of my landform	I have some examples of my landform	I have many examples of my landform with pictures.	I have many examples of my landform with pictures and descriptions.
<b>Creativity</b>	I did not put a lot of creativity into my project	I put a little bit of creativity into my project	My project is creative.	Whoa! I blew my teacher away with my creativity
<b>Neatness</b>	My project is messy	My project is a little messy	My project is pretty neat.	Wow! This is the neatest project my teacher has ever seen!!

**Please highlight your assigned landform:**

**Canyon**

**Island**

**Sand Dune**

**Mountain**

**Butte**

**Hill**

**Delta**

**Plateau**

**Cliff**

**Mesa**

**Valley**
